PERSONAL PROJECTS

Chit-Chat (01/2024 - 02/2024)

- Chit-Chat is a Full Stack Chatting App. Uses Socket.io for real time communication and stores user details in encrypted format in MongoDB Database

Personal Portfolio (12/2023 - 01/2024)

- Personal Portfolio is developed as a responsive website catering to my profile , specialization , projects , resume and is implemented with user-friendly interfaces and is optimized for performance and accessibility.

Training ML models on Subatomic particle Collisions for accurate feature prediction (10/2023 - 11/2023)

- We train ML models on electron collision data to predict it's invariant mass . We find the most suitable and efficient ML model to handle large size of experimental data and find the desired result using the machine learning model.

LANGUAGES

English

Full Professional Proficiency

Hindi

Native or Bilingual Proficiency

INTERESTS

Reading novels , current affairs

Gardening
